

April, 2020 SVM Board Newsletter

Hello SVM Association Members - Hoping you're all well & healthy & safe!

This is a 1st in a series of informative, single page, newsletters - from your new board of directors - Newilda Sosa, Mike Guertin, Tim Clemit, Ron Minchella, & Rick Molera. Going forward, we'll communicate as one cohesive unit - known as - the board.

First & foremost, thank you to all association members who voted in our recent election.

Two open seats were available for the 2020 SVM election cycle:

Newilda Sosa & Tim Clemit - Received the most votes.

APPROVED via BOD@saguaroview EMER email motion, 2nd & unanimous vote by:

Ron Minchella, Martin Rankin, Mike Guertin, Rick Molera, Newilda Sosa

As many of you know, this is a simple little association of like minded members who love living here! We have the best public water system in Metro-Phoenix - Run by our water system professionals - **Ted Chittenden & Roxanne Everett.**

A strong business focus shall now be our primary goal: Our **Public Water System** has been a secondary item for too long. It will now be the priority agenda item, in every scheduled meeting, to ensure the system is legally compliant & top notch, in every respect possible.

FACT: all other responsibilities are already being worked - our dirt road maintenance schedule, for example - Rest assured, we now have this train back on track and we're working on behalf of the entire membership.

Lastly, as mentioned, due to the covid 19 virus, our previous board took prudent emergency action to finalize our 2020 member vote. This enabled our new board to take additional emergency measures, on behalf of the membership. We're now in complete lock down, per our Governor's request - Only the following critical activities shall now be addressed - Our PWS, pending dirt road maintenance, and servicing critical member requests - ALL non-critical business items shall be put on HOLD until this pandemic crisis has abated. Thank you all for your patience, support & cooperation - all done in a truly American way!

the board -- **For more info:**

Please **self-serve** via newly created TLS-SSL secured website:<https://saguaroview.org>
